

- Manual angling – left or right.
- Heavy duty steel construction.
- Heavy duty castors.
- Rear '3 point linkage' mounting.
- Parking stand.
- Quick change brush.
- Choice of brush bristle.
- Powerful PTO drive
- Designed for compact tractors.
- British design and manufacture.

A rear sweeper designed specifically for the compact tractor market. Combining robust construction with ease of operation, the CBX makes light work of any sweeping task. This versatile unit is PTO driven with a CAT 1 '3 point linkage' mounting frame. The brush can be angled left / right or centre and is supported by heavy duty height adjustable castor wheels. All units are supplied with a PTO shaft, a choice of brush material and an integrated parking stand for storage and servicing when not in use.

Model	Mount	Sweeping width	Width	Depth	Height
CBX-150	Rear	1.5m	1.8m	1.3m	0.9m
